

PLUM GOES TO ROBERTS

(Continued from Page 1.)

but there never had been a more tyrannical or despotic organization on the face of the earth than that which the Colorado senator is championing now.

The entire matter was, on Patterson's motion, referred to the committee on judiciary, and the senate took up and passed the house bill for the eradication of the cotton boll weevil.

The resolutions looking to an investigation of the affairs of the postoffice department were laid before the senate, but by unanimous consent went over again until tomorrow.

Hale offered the following resolution as the result of an agreement between himself and Bacon during yesterday's session, looking to a settlement of the Panama question:

"Whereas, The state of Panama, formerly part of the Republic of Colombia, has seceded from that republic and has set up a government, republican in form, and under the name of the Republic of Panama; and

"Whereas, The independence of said Republic of Panama has been recognized by the United States and by many other nations; and

"Whereas, A treaty is now pending before the senate between the United States and the Republic of Panama, and the ratification of which will insure the speedy building of the interoceanic canal by the United States across the territory of said Republic of Panama; therefore,

"Resolved, that in any claim in which the republic of Colombia in any form may make against the republic of Panama for indemnification, or loss of territory or increased burden of the said republic of Colombia the president is requested to tender his best offices toward the peaceful adjustment of all controversies arising or that may arise between said republic of Colombia and the republic of Panama."

Trespass Bill introduced. The resolution was read and Hale stated that he presented it as a substitute for the Bacon resolution. He said he would not ask for immediate consideration.

The Panama resolution, offered by Gorman, was laid before the senate, and Mr. Carmack was recognized. He said the republican administration had been guilty of the worst kind of partisanship law because of the fear that the opposition would secure an advantage.

TO THE PUBLIC.

The attention of the public is called to the following rules and regulations of the state board of health:

Rule 15—No person shall be admitted into any school or Sunday school from any house or building in which has recently occurred a case of dangerous communicable disease, without first presenting a certificate, signed by a reputable physician, that all danger of communicating such disease is past.

Rule 16—N parent, guardian, or other person having charge or control of any child or children shall allow or permit any child or children to go from any house or building in which a case of smallpox, diphtheria, membranous croup, scarlet fever, measles, whooping cough, or other contagious disease has recently occurred until such house or building has been properly disinfected, and quarantine has been removed by the health officer.

Rule 17—It shall be the duty of every physician called to attend a person sick, or suspected of being sick, or in the absence of a physician, every household, wherein such sickness is found, to report within 24 hours thereafter, giving the name and residence of all cases of smallpox, diphtheria, membranous croup, scarlet fever, measles, or any other contagious disease, to the county health officer, or other health officer who has jurisdiction in the territory.

Rule 18—(in part)—It shall be the duty of the health officer, when a case of smallpox, yellow fever, diphtheria, membranous croup, scarlet fever or measles is reported within its jurisdiction, to place, or cause to be placed, in a conspicuous place a quarantine card upon which is printed in large letters the name of the disease or the word "contagious."

Section 10 of the state board of health laws is as follows: "Any person who shall fail to obey or shall violate such order, shall, on conviction, be sentenced to pay a fine of not more than \$100, at the discretion of the court."

These rules will be very strictly enforced.

SCROFULA A DISEASE WE INHERIT.

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints. It is a miserable disease and traceable in almost every instance to some family blood taint.

Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy and unless the blood is purged and purified and every atom of the taint removed Scrofula is sure to develop at some period in your life.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear.

S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write us about their case. Book mailed free.
